Just wanted to drop a quick note to let Perry seal know Julian Roche and his staff were outstanding in there work done on my interior drain tile.

Julian made sure I had all my questions questioned and reviewed the work. I was impressed with all aspects of the job

I will provide a more detailed review on Aug 21st, but I thought it was important Julian & his staff receive the appropriate recognition.

Although, I have not been home to see if the system is working (during a rainstorm) I'm sure it will solve my recent issue with flooding.

Thanks
